

## Specifier Roundtable Thursday, September 15, 2016

### *Specifying Energy Code Requirements for Building Enclosures*

This month we will be discussing the responsibility of the specifier when it comes to complying with LEED and the energy codes. The discussion will focus on the applicable codes, how to comply with the codes, and how the energy codes affect specifying building enclosure components. The discussion will be moderated but input from all is encouraged.

#### **Moderated by:**

**Randall Chapple AIA, SE, CSI, CCS, LEED AP**  
Associate Principal  
Director, Specifications and Material Research  
Goettsch Partners

**Larry Nordin, AIA, CSI-CCS, LEED AP**  
Associate Principal  
Solomon Cordwell Buenz

#### **Learning Objectives:**

- Discuss the responsibility of the specifier when it comes to complying with LEED and the energy codes
- Summarize the applicable codes
- Review the different methods to comply with the codes
- Analyze how the energy codes affect specifying building enclosure components

**Time:** Noon – 1 PM

**Location:** Goettsch Partners, 224 South Michigan, Floor 17, Chicago

**Or by Webcast on your computer. Log in information e-mailed in advance.**

**Continuing Education:** 1.0 AIA/CES/HSW LU, 1.0 PDH

**Reservations:** Required by September 12, 2016. Limited seating available on a first come basis. By email or phone. Complimentary to members and non-members. Non-members requesting to attend will be added to a waiting list until members are accommodated. Notification of available non-member spaces is sent two business days in advance. If your plans change and you cannot honor a reservation, please contact the Chicago chapter so we can offer your seat to someone on the waiting list.

Web conferencing for members/nonmembers is available and call-in instructions will sent 2 days prior to the roundtable.

**Email:** [csichicagochapter@gmail.com](mailto:csichicagochapter@gmail.com) or call 773-466-4147

**About CSI Specifiers Roundtables:** Sessions are held in an informal setting to encourage dialog and attendees are welcome to bring a snack or lunch. Specifier roundtables are a forum for specifiers and architects to discuss specification topics, exchange ideas and share lessons learned. Experienced, as well as new specifiers, are encouraged to attend these small group sessions that require participation and input by attendees.
