Chapter Fellows Award 2010 - revisited

Dean Walker, who received the first Chapter Fellow Award in 2010 was presented a customized Padfolio that will be presented to subsequent award winners. The Chapter Fellows Award is in honor of two special CSI members and Fellows of the Institute, who passed away in 2008. The award honors the outstanding contributions and character of Gary Betts, Distinguished Member, FCSI, CCS, AIA, President of the Institute in 2004-05 and Ken Crocco, FCSI, CCS, SCIP, FAIA, who was an unending source of support to CSI and mentoring to members.

The Chapter Fellows Award is presented to pay tribute to an individual that embodies the traits exhibited by these two great leaders of the Chicago Chapter of CSI. Through distinguished, innovative service to the design and construction industry, the award recipient has proven, time and again, they not only accept the challenge presented but raise the bar by which all future endeavors are judged. This person also contributes time and effort generously, creates an atmosphere for intellectual growth, and is dedicated to improve the profession for all. The recipient for the Chapter Fellows Award must have been a member in good standing and embody the spirit of CSI. It is one of chapter's most prestigious awards.
